Dear Mr. Laux:

The Metropolitan St. Louis Sewer District is submitting our annual pretreatment report. The report encompasses the period from July 1, 2005 through June 30, 2006.

An updated list of the industries regulated by us as Significant Industrial Users (SIUs) is attached. An explanation is also attached for any SIUs that were added or deleted from the list supplied by us last year. Those SIUs which have changed names are identified for your convenience.

Responses are enclosed for the individual questions which we have been requested to complete. Following past agreements, all information regarding industries is specific to those industries classified as SIUs. The response to question seven includes any storm water exceedances that are attributable to industrial sources.

Should you have any questions on any of the information submitted, please call Doug Mendoza, Manager of Industrial Pretreatment at 314-436-8717.

Sincerely,
METROPOLITAN ST. LOUIS SEWER DISTRICT
